MADE IN BRITAIN

This Paragon product is EPD verified in accordance with ISO 14025 and EN 15804.

Please note: For technical reasons, as with all textile materials, it is not possible to colour match from different batches. Orders that need to colour match should be placed at the same time. Production may therefore show variations to the sample card.

MAINTENANCE

It is recommended that a maintenance schedule be initiated from the date of installation to achieve maximum life expectancy of the product. Regular vacuum cleaning with a rotary brush vacuum cleaner is essential. All spillages and stains should be attended to immediately. For detailed information, please consult the Paragon cleaning and maintenance guide.
