KINGSLEY ROOFING

Kingsley Roofing cut into the floor design to mirror their corporate logo.

"We chose paragon because of the far superior range of 'designer' carpet tiles. We wanted something very modern and eye catching and with my background being the soft flooring trade, Paragon were top of my list. I made contact and arranged to meet you here to discuss options and that's how we came to settle on the tiles we have. We decided to put the logo in as a centre piece to break up the open office and we have received nothing but compliments on the looks!"
